Greetings to you all from the Christian Biker Tabernacle it is with a heavy heart that I write this letter and ask for immediate help from all who can. As many of you know Pastor Ed was seriously disabled for many months and was physically unable to generate any job opportunities, this in combination with our economy drastically getting worse, we have fallen behind in paying our bills and mortgages. To be transparent and open, we are in serious need of help to keep our doors open. As of today this church has been able to reach over 1100 disciples through God's Ranch, Matthews House, and the House of Adullam; not to mention the countless thousands of families that the Lord has reached through the Friday and Saturday night feeds. The good news is that Pastor Ed has regained some of his mobility following numerous procedures and is hard at work once again, but we need help to get over this hill before it becomes a mountain. It is our hope that if all who read this letter could help in any way financially it would help us continue. We would also appreciate some ideas of ways to generate income on a consistent basis. We would like to thank all of you that have faithfully supported this outreach, with your continued support we can continue with God's work in these areas. Thank you so much for your time and consideration.
